"Quality Over Quantity… the Career Concepts difference."

Welcome to Career Concepts of Virginia, Inc. Specializing in Information Technology Recruiting In Richmond, Virginia.

At Career Concepts of Virginia, Inc., we take the work out of hiring the right person for the job by:

- Screening Resumes
- Detailed Reference Checking
- Checking Seriousness of Purpose
- Reviewing Counter Offer Implications
- Interviewing Candidates
- Checking Reasons for Leaving
- Reviewing Salary History/Expectations

Career Concepts of Virginia, Inc. also works with you to prepare a thorough client profile. This not only helps us to select the candidates that are best suited to your particular needs, but it also helps you cut down on orientation, resulting in a more productive worker. Our aggressive recruitment program is geared to find the highest quality applicants.

Our senior recruiters each possess an average of four years of experience in the IT arena. All hold the designation of Certified Personnel Consultants. We are familiar with and adhere to the legal & ethical standards set by the National Association of Personnel Services, therefore establishing Career Concepts of Virginia, Inc. as a leader in the industry.
